Dear Donor,

One of the harder things about working at ABC Life Choices is that often times we do not know the outcome of the patient's life after they leave. Sometimes we will see them again and sometimes not. The time in that medical room is short, and I have really been challenged to make the most of the time we do have together. At the end of an appointment, we ask all our patients to fill out a comment form. Last week, as I was scooping up the paperwork off the counter after the patient had left, my eyes fell to her comment section and it said, "Thank you for giving me hope for my pregnancy." That comment brought tears to my eyes. That is what our heart's desire is for our patients - to bring them hope! Hope for a better life, hope for peace that only Christ can give, hope for eternal life!

**"But in your hearts revere Christ as Lord. Always be prepared to give an answer to everyone who asks you to give the reason for the hope that you have. But do this with gentleness and respect." 1 Peter 3:15**
